

Seaside Farms Basketball Goal Guidelines

Basketball goals will be permitted with the following guidelines:

- One basketball goal per lot will be permitted.
- The basketball goal will be maintained in good condition and repair and in a net and attractive manner at all times.
- The pole will be galvanized or painted steel harmonious with the appearance of a well kept basketball goal.
- The backboard will be constructed of fiberglass or Plexiglas, wood materials are not allowed.
- The net shall be free of rips and tears and will be maintained in a new appearance at all times.
- There shall be no excessive rust permitted anywhere on the structure.
- The goal shall remain upright at all times except in times of repair, wind storms, or hurricanes.
- Basketball goals will not be kept on or near the street. The Town of Mount Pleasant will not allow basketball goals or play to occur in the street.
- The goal will be kept in the driveway area no closer than ten feet to the street or sidewalk.
- Excessive loud or nuisance play will not be permitted and special care must be taken to accommodate fellow neighbors and passersby.
- All fines and enforcement procedures outlined in the neighborhoods covenants apply to all variances with these guidelines.
- Permanent basketball goals need approval from the Architectural Review Board before they can be installed.
